

## **Jaguar Club Northern Arizona Privacy Policy**

### **Personal information and other data collected**

- \* JCNAz records personal information when you register for membership or otherwise voluntarily provide such information.
- \* When you apply for membership, we ask for information such as your name, address, phone, emergency contact, email address, birth date, occupation, and Jaguar ownership. We also record your payment status for membership dues.
- \* The JCNAz web site uses a small ID cookie when you enter the member pages so the web site knows you are allowed to see the confidential member pages. These ID cookies are destroyed at the end of every visit.

### **Uses**

- \* Your name, address, phone, email address and Jaguar ownership are shared with all active club members for mutual benefit to enjoy club activities. Other personal information such as emergency contact and birth date is restricted to those leaders of the club who require that information.
- \* We also use personal information for auditing your membership status.
- \* We do not share any personal information with third parties.
- \* We do provide limited personal information to Jaguar Club North America who require limited personal information for their registration.

### **Your choices**

- \* You may decline to provide personal information to us and/or refuse the ID cookie in your browser, although all features of the "member's only" pages require the ID cookie to work so as to maintain the confidentiality of the information on these pages.
- \* We provide you access to all your personal information through the web site or by request through the membership coordinator so you can correct any data if it is inaccurate or even delete it.

### **Confidentiality and Security**

- \* We limit access to personal information about you to Club Leaders who we believe reasonably need to come into contact with that information to provide services to you as part of the club activities.
- \* We have physical, electronic, and procedural safeguards to protect personal information about you.
